

# 报告题目: Nanoparticles as Structure Directing Agent for Block Copolymer Ordering

报告人: Joon Bang教授

韩国高丽大学, 化学与生物工程学院

## Education

Ph.D., Chemical Engineering, University of Minnesota, September 2004

B.S., Chemical Engineering, Seoul National University, February 1999

## Research Experience

**University of Minnesota, Department of Chemical Engineering and Materials Science**

Ph.D. advised by Dr. Timothy P. Lodge, (Aug 1999 – Sept 2004)

**University of California, Santa Barbara, Materials Research Lab**

Postdoctoral Researcher advised by Dr. Craig J. Hawker, (Sept 2004 – Feb 2006)

**Korea University, Dept. of Chemical and Biological Engineering**

Assistant Professor (Mar 2006 – Aug 2010)

Associate Professor (Sept 2010 – Aug 2015)

Professor (Sept 2016 – present)

## Awards and Honors

1999	Cum Laude, Seoul National University
1996-1998	Seoul National University scholarship
2004	Finalist in the Padden award symposium, American Physical Society Meeting (DPOLY)
2010	Young Scientist Award, Polymer Society of Korea
2011	Research Award, Korea University
2012	Crimson Professor Award, Korea University

报告时间: 2017年12月15日 (星期五)

下午15:00-16:00; 报告地点: 高分子楼401室

欢迎参加!
